Service Projects

Rotarians believe that service to the community is an extremely important aspect of club membership. We believe that we have a responsibility to work to improve our communities.

Club members regularly serve their community through participation in various community service projects. The club is active in both the Adopt-A-Highway and Meals-on-Wheels programs.

The club works with the Interact clubs of Dutch Fork High School and DJJ to provide young people with support and guidance through meaningful service projects.

Additionally, the club is committed to education and provides scholarships to deserving students attending college through the Ambassadorial Scholarship program. The club also partners with area elementary schools to recognize an outstanding student each month.
